

Shared Amenities for all membership levels

- Attendance to professional and social programs
- Use co-working space as available, open conference tables, lobby
- Shared amenities including kitchen access, complimentary coffee, weekly networking reception
- Complimentary parking

Conference room availability: Access to conference room space is determined by membership level. Co-working members are given on-line access to make reservations. Once the number of hours per month per membership level is met, there will be an automatic opportunity to purchase additional hours at the designated discount per membership level.

For example, Coach members receive 6 hours per month with the membership and a 30% discount for hours beyond that limit. The Hutchison conference room rate is \$100 per hour during business hours (8:00am – 6:00pm), so the Coach member rate for additional business hours would be purchased for \$70/hour.

Member discounts will be applied to the retail rates shown below to get the final rental rate:

Space	Size	Cost (Business Hours)
Co-Working	All members have access to the lobby, public conference tables and designated co-working spaces. No charge	No Charge
Co-Working Drop in Office	Desk and room for 3 additional chairs	\$25/hr
Draper Conference Room	Supports up to 10 people	\$65/hr
Wege Foundation Conference	Supports up to 15 people	\$75/hr
Financial Directions Conference room	Supports up to 10 people.	\$75/hr
Hutchison Conference room	Supports up to 75 people theatre style, 55 classroom style. Room configuration in a variety of styles.	\$100/hr

Co-working member reservations may be impacted by First Flight or First Flight resident member needs, causing a room shift or cancellation with 48 hours' notice. Also, benefits will be evaluated on a calendar year basis and are subject to change at a member's renewal time.
